

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

B2
concl'd

a textbook having at least one machine recognizable feature;
a feature recognition unit having associated therewith a
means for recognizing said machine recognizable feature and a
means for transmitting a coded signal in response to the
recognition of said machine recognizable feature;
an intelligent controller having associated therewith a
means for accessing said programming material in response to
receiving said coded signal; and
a display unit for presenting said programming material.

B3

190. A system as defined in claim 186 wherein said "information
superhighway" data link comprises an integrated service digital
network (ISDN).

B4

192. A system as defined in claim 186 wherein said "information
superhighway" data link comprises a cable television (CATV) line.

{EDITED VERSION OF THE AMENDED CLAIM}

168. A system for displaying programming material to a user,
the system comprising:

a textbook having at least one machine recognizable feature;

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

a feature recognition unit having associated therewith a means for recognizing said machine recognizable feature and a means for transmitting a coded signal in response to the recognition of said machine recognizable feature;

an intelligent controller having associated therewith a means for accessing said programming material in response to receiving said coded signal; and

a display unit for presenting said programming material.

190. A system as defined in claim 186 wherein said "information superhighway" data link comprises an integrated service digital network (ISDN) [network].

192. A system as defined in claim 186 wherein said "information superhighway" data link comprises a cable television (CATV) line.

REMARKS

The Examiner objected to claims 190 and 192 based on informalities. In addition, the Examiner provisionally rejected claims 168, 176-226, 228, 252-255, and 257-293 under obviousness-type double patenting as being unpatentable over claims 168-221
